

Inter-professional Learning Sessions Timetable
November 2024 to January 2025

These sessions are for ALL specialisms of Learners to attend.

If you would like to book a place on one of the sessions you can do this via the E-Learning Portal by clicking on this link [LTHTR E-Learning](#). Go to Courses and select the tab 'Nursing, Midwifery and Allied Healthcare Professions Pre-registration Learners'. Within this tab you will see another for 'Inter Professional Learning (For Learners only)'. You can also type the name of the course into the search engine on the E-learning page.

If you have any questions or experience any problems with the booking system please contact the Student Trainee and Placement Support Team via email undergradstaps@lthtr.nhs.uk.

PLEASE NOTE - you will only be able to choose 3 sessions.
Please see 'IPL Guidance for Learners'.

Failure to attend any session without prior notification will result in you being marked as absent and unable to attend future sessions.

Please Note - Certain Spoke Placements have restrictions due to Learners needing additional knowledge/skills and experience. These Spokes are highly sought after, and the Departments need to have an understanding of what the Learner/Trainee wants to achieve from these opportunities; and therefore have requested you answer 'Pre Attendance Questions'. Please see 'Course Notes' on the booking pages for each Spoke Opportunity. Any Learner not following the instructions and booking onto these without meeting the criteria or completing the relevant information will be removed and no explanation given.

Title	Date	Time	Venue
2ND & 3RD YEAR LEARNERS ONLY Spoke Opportunities – Critical Care Unit	One session per week (Friday)	7 am – 7.30 pm	Critical Care Unit, Royal Preston Hospital
3RD YEAR LEARNERS ONLY Spoke Opportunities – Tissue Viability Team	One session per week (Thursday)	8 am – 4 pm	TVN Office, Gordon Hesling Building, Royal Preston Hospital

Pancreatic Cancer Awareness Education Webinar

Pancreatic Cancer Awareness Education Webinar taking place on Wednesday 27th November 12:30 – 13:30pm via MS Teams.

This session will equip you with vital information about the signs and symptoms of pancreatic cancer, which are often subtle and easily overlooked, including jaundice, abdominal pain, and sudden weight loss. For a cancer which does not have any screening programme, early detection can make a significant difference, so recognising these symptoms is crucial. For more information, and to register, please click on the following link:
