

Gynae Rotational (RPH) Placement Guidance.

Gynae rotational placement is a first of its kind placement which integrates 4 specialists' areas and creates a placement offering our learners a wide opportunity to learn for these specialists' area and Specialists Nurses. Please access each of the four placement areas separate handbooks for additional guidance on these placements areas. Below is the attached placement profile with additional guidance and the covering letter HEI's have been asked to send out to out learners prior to placement commencing. If you require any additional information please email pes@lthtr.nhs.uk and they will guide you further.

Gynae Rotational Placement Guidance for our Learners.

The Gynae Rotational placement is first of its kind at Lancashire Teaching Hospital and offers a fantastic opportunity to have exposure to our patient’s experiences throughout their Gynae journey spending time with our Specialist Nurses and ODPs in four areas that have been combined. Each of these placements has their own detailed handbook which you can download prior to commencing placement via the following link [Clinical Placement Support - The Health Academy \(lancsteachinghospitals.nhs.uk\)](https://www.lancsteachinghospitals.nhs.uk/clinical-placement-support).

Any Learner attending this placement will be advised by their Higher Educational Institutes to make an appointment with Occupational health for additional blood testing. Please make sure this has been done before you attend Gynae theatres placements, otherwise your learning opportunities will be affected.

Higher Educational Institutes will give you your placement rota and we request you contact your first placement a week prior to commencing to introduce yourself and gain your shift patterns.

I have attached some information from the Placement Profile to this email so you have an oversight of this placement and its requirements; again you will find the full profile on the above link.

Contact details, requesting to speak to the nurse in charge

Gynae Ward	01772 52 2405	Gynae Theatres	01772 52 4872
GAU	01772 52 2405	Gynae outpatients	01772 52 4386

Shift Times: This is a template of the rotational placement, (it will be combination of these four placements over eight weeks), the placement where you start (highlighted) is who will allocate you your Practice Assessor; who will conduct you meetings and you need to arrange date/time in advanced to come back to your placement area for these meetings. As you move around the rotation it is your responsibility to get documented feedback on PARE ‘Record of communication/additional feedback’ and your Proficiencies signed by the Practice Supervisor who has observed you do that skill, this is not the responsibility of your Practice Assessor.

Student Name	Week 1+2	Week 3+4	Week 5+6	Week 7+8
Student 1				
Student 2				
Student 3				
Student 4				

Please access each of these placement areas learner handbooks to prepare you for your placements.
