Support health awareness in June with DynaMed.

<u>DynaMed</u> is a clinical point of care tool that aims to help clinicians overcome information overload. You will not need a username and password to access DynaMed while working from a Trust device. For home access you will need your OpenAthens username and password. You can <u>register</u> here for your OpenAthens account.

World Heart Rhythm Week 6th – 12th June

World Heart Rhythm Week is an annual event which will run between the 6th – 12th June in 2023. This is organised by the Arrhythmia Alliance, a coalition of patients, charities and professionals who work together to promote effective diagnosis and treatment of heart arrhythmia (a disorder affecting the rhythm of the heartbeat). The aim of World Heart Rhythm Week is to raise awareness of the symptoms of heart arrhythmia in both the public and medical profession. These DynaMed topics on <u>heart arrhythmia</u> provide access to evidence-based information to help with the evaluation and management of this condition.

Diabetes Week 12th – 18th June

Diabetes U.K. organises Diabetes Week. The charity has a long history of campaigning; it was founded in 1934 by the writer H.G.Wells and Dr. R.D. Lawrence, who were themselves diabetics. The week is all about creating awareness of the condition and encouraging people to share their experiences of living with diabetes. Many other groups and organizations take part in diabetes week, hosting a wide variety of informative and fundraising events. These DynaMed topics on <u>diabetes</u> provide access to evidence-based information to help with the evaluation and management of this condition.

Love your lungs week 21-27 June.

Love your lungs week is an initiative to raise awareness and focus on lung health. These DynaMed topics on <u>asthma</u> and <u>smoking</u> provide access to evidence-based information to help with evaluation and management of this condition.

If you would like more information on DynaMed, then please contact the library at library@lthtr.nhs.uk.

Attention all nurses. Are you using

Internurse
