

Get involved with Our Living Collection

On Thursday, 21 November, LTHTr Libraries are hosting another of their popular Living Library Collection, an in person event where colleagues are welcomed to share their experiences of living with disabilities or long-term health conditions. Alternatively, if you're interested in learning from others, simply come and listen to life through the eyes of another.

Hosting their first in-person event since Covid, this is a fantastic experience to gain insight from others or to share your everyday experiences of life within the Trust. If you are interested in attending or participating, please contact Siobhan via email Siobhan.Corrin@lthtr.nhs.uk to secure your space.

Taking place in Lecture Room 2 in Education Centre Two, between 11:00 - 1:30 all are welcome to simply drop in.

For further information or support, you can contact the Trust's EDI Team at inclusion@lthtr.nhs.uk
