Cancer Demystified Webinars

The Cancer Demystified webinars by David O'Hollaran provide essential cancer education to a wide range of professionals involved in cancer care, aiming to enhance their knowledge and confidence without requiring travel. These sessions are designed to fit into busy schedules and are accessible from your laptop or desktop via the cancer academy website <https://www.canceracademy.nhs.uk/> and using code **LSC0125**

These webinars are aimed not only at clinical staff but also MDT coordinators, admin staff or anyone interested in cancer care, emphasising the importance of cancer knowledge across all roles. Staff who have attended these webinars have said that their confidence around understanding of cancer terminology and treatments has improved which has led to enabling better patient interaction.
